Office of the President, District Board,

Hassan, Dated 6th September 1926

Sans 10-26-1

From

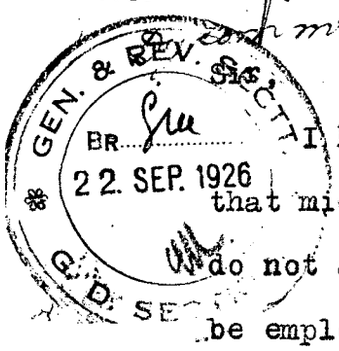
N. S. Nanjundiah, Esq.,
President, District Board,
Hassan.

To

R.Ranga Rao, Esq., B.A., B.L.,
Secretary to the Government of His Highness the Maharaja of Mysore,
Medical & Agricultural Departments, Bangalore.

Forwarded with compliments

Through the Deputy Commissioner, Hassan District.



I have the honor to state that it is found by experience that midwives employed in Dispensaries, Hospitals and Vidyasalas do not always have enough work and that they may with advantage be employed on vaccination work also, since by nature they can easily become familiar with the mothers of children. handle the children, and easily vaccinate them without any delicacy whatsoever which would be the case when male Vaccinators who are strangers go to the villages and endeavour to convince the parents of the benefits of vaccination and do vaccination work. Their services can also be better employed for this work in Municipal areas also at Taluk and District Head Quarters and thus the vaccination work can be made far more widespread and popular. In fact even the prescribed form for returns from L.F.Dispensaries require information to be furnished about Vaccinations performed by midwives but I very much doubt if in all the cases the figure furnished is not a "Municipal" one. Under the circumstances I propose that Government may be pleased to add to the curriculam of studies and training for midwives, a course of training in Vaccination work also, and in the case of existing midwives orders may kindly issue for sending them on to

Bangalore or District Head Quarters Hospitals to get training in vaccination work and then perform vaccination work in their respective ranges. They may even be given fixed allowances as in the case of other Vaccinators. This scheme will have the further advantage of making adequate provision for the requirements of rules framed under the Mysore Vaccination Regulation. and enable the compulsory area to be gradually developed by providing the required number of female vaccinators to deal even with pardanisham ladies and children.

I have the honor to be,
Sir,
Your most obedient servant,

President,
District Board, Hassan.

Office of the Senior Surgeon in Mysore,

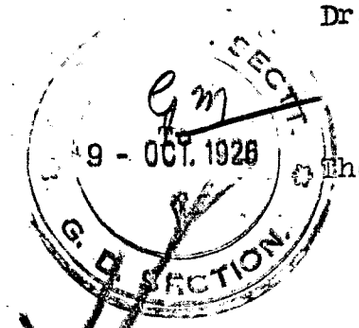
Bangalore, dated 5th Oct. 1926.

No. 3332-2
Enc.

San 10-26-3

From

Dr. B. Mahomed Usmon, L.M.S.,
Senior Surgeon and Sanitary Commissioner
in Mysore, Bangalore.



To The Secretary to the Government of
His Highness the Maharaja of Mysore,
General Departments, Bangalore.

Sir,

With reference to your letter No. G. 3601/Med. 10-26-2, dated 4th October 1926, I have the honour to state that I fully agree with the President, District Board, Hassan, in the desirability of enlarging the scope of the usefulness of Midwives by training them up in the Technique of Vaccination. I do not however consider that for this purpose a training in any of the district hospitals would be adequate. The instruction could be much better imparted at the Vaccine Institute, Bangalore, special attention being paid to the subject of asepsis. A months training will be sufficient and all the Midwives in the District might be sent up in batches of two or three at a time.

2. The question of giving Midwives a fixed allowance for the additional duty of vaccinating in their areas can be taken up only after gaining some experience-say of about a year-as to how the arrangement works in actual practice.

3. As observed by the President the scheme proposed would provide for the requirements of the rules under the compulsory vaccination regulations in regard to the Vaccination of adult women and purdanishins.

4. Regarding the question of including vaccination in the curriculum of students for Midwives, I may note that candidates are at present being trained in the Maternity Hospitals at Bangalore, Mysore and Kolar Gold Fields and also at Shimoga. I am consulting the Lady Medical Officers concerned as to whether a course of vaccination training could conveniently be arranged at these institutions

institutions and shall submit a further report to Government in due course.

I have the honour to be,

Sir,

Your most obedient servant,

Senior Surgeon
&
Sanitary Commissioner, M.G.

GENERAL AND REVENUE DEPARTMENTS

G. O. No. G. 4521-38/Sany. 10-26-4. Bangalore, Dated, 5th November 1926.

Training midwives in vaccination work.

Issues orders in the matter of the———

Read:—

1. Government Order No. L.3743-64/Med. 143-22-6, dated the 19th November 1923 prescribing the rules for the training of Midwives in the State.

2. Letter No.C.59-26/L.F. dated the 6th September 1926 from the President, District Board, Hassan District, suggesting that with a view to enlarge the scope of the usefulness of midwives and to popularise vaccination, the midwives may be given a course of training in vaccination work also and that in the case of existing midwives, orders may issue for sending them to Bangalore or District Head-quarter Hospitals to get the necessary training.

3. Correspondence ending with letter No.C. 332-2, dated 5th/8th October 1926, from the Senior Surgeon in Mysore (a) agreeing with the President, District Board, Hassan District, about the desirability of enlarging the scope of the usefulness of midwives by training them in the technique of vaccination and stating that instruction for a period of one month could best be imparted at the Vaccine Institute, Bangalore, and (b) stating that a separate reference will be made in regard to the inclusion of vaccination in the curricula of studies of the midwifery students.

ORDER NO.G.4521-38/Sany.10-26-4 DATED THE 5TH NOVEMBER 1926.

Government approve of the suggestion to depute the existing midwives to the Vaccine Institute for a month's training in the technique of vaccination. The incidental charges will be met from the same funds as those from which their pay is being met.

2. The Deputy Commissioners and Presidents of District Boards are requested to send in batches of two or three at a time the midwives working in their Districts for undergoing training in vaccination.

R. RANGA RAO,
General Secretary to Government.

To—The Senior Surgeon in Mysore.
The Deputy Commissioners of Districts.
The Presidents of District Boards, through Deputy Commissioners in the case of Bangalore, Kolar and Hassan Districts.
The Comptroller to Government, through the Financial Secretariat.
